**RAILWAY ADVENTURES**

## OVERVIEW

Switzerland's vertical landscapes have long attracted romantics and travellers. The railway revolution of the nineteenth century saw little trains daring to ascend the highest peaks by ingenious and inventive methods of engineering, making some of Europe's most spectacular scenery accessible to all. Train travel is central to Swiss life, and its rail network is one of the most efficient, and easily the most patronised network per head of population in the world. This finely-tuned adventure, led by your experienced Switzerland expert Chris Harding, will take you through the heart of the Alps to explore a wonderful mix of the country's key historical, cultural and scenic destinations.

In his spare time, Chris pursued an active interest in railway history as a tour guide and office-bearer at the NSW Rail Transport Museum, Thirlmere. Eventually he had the opportunity to leave the world of banking and work for 3801 Limited, the operating company of the famous steam locomotive 3801.

Later, he managed the ARHS Railway Bookshop at Sydney's Central Station. He became the media contact for commentary on historic and current railway events, frequently appearing on talk-back radio and television. Although retired, Chris still enjoys working with his mate, Scott, hosting many railway adventures in Australia and Europe, including the always-popular Switzerland tour.
